# National Day of Prayer Concert

*featuring 2004 "New Artist of the Year" nominee  
singer/songwriter/worship leader*

## Justin Unger

As a member of the nationally known duo *Across The Sky*, Justin was known for the top ten hit "Found By You", as well as "Broken World" and "When God Ran". He toured with artists like Mark Schultz and Avalon, and was featured in major Christian music publications.

Now a solo artist and worship leader, God is taking Justin's ministry to new places.

As seen with Greg Long previously at Heights Theater, come and worship with an outstanding artist that could very well become one of your *new favorites!*
